## EUGENE DEBS HAS TAKEN THIS GIRL FROM JAIL INTO HIS HOME AND DECLARES FRIENDS MUST RECEIVE HER

Helen Hollinsworth, daughter of a Methodist preacher, once prominent in Indiana, was recently taken by Eugene V. Debs, Socialist leader, into his home from the city jail. Debs publicly announced that he had opened his home to the girl and that she must be received by friends of his family as one of his children and issued what he called his challenge to the Christianity of Terre Haute. The girl had eloped with the son of a prominent family and was married. The young man divorced her, took her child away from her and recently she was arrested on the streets. She had been three days in jail when Debs took her into his home.

Fazel, furnished provisions for the camp and gave a ten dollar bill to help defray expenses. The money came out of the general fund. The twenty-five colored boys in camp are having a great time. The camp opened day before yesterday; it probably will close the end of the week.

Because the local crop of vegetables has failed almost completely on account of the recent dry weather the Topeka commission men are shipping in vegetables by the car load. A portion of the shipments is used in Topeka while a large amount of produce is reshipped to Kansas points. ## Sheriff Outwits Mob.

McAlester, Ok., July 24.—The negro who ten days ago attacked Mrs. Hamilton Morrison, a white woman near Canadian, was caught Sunday and concealed in Haskell county. Last night he was brought here in a motor car. At Gaines Creek bridge, five miles from here, they were met by a

mob of 200 men who were waiting to lynch the negro. The officers left the vehicle and ran to the woods with the negro. By making a circuitous route they got him in jail here safely this morning.

The mob threatened to make further efforts to get the negro and the jail was heavily guarded.

## CAUGHT IN ACT

Arsonettes Nabbed While Applying Match to Mansion.

Police Saw Women Enter—Had Suffragist Literature.

Glasgow, July 24.—Two suffragettes Miss Margaret Morrison and a young woman who refused to give her name, were arrested here today as they were about to set fire to a large mansion which was at one time the residence of the late Sir John Muir, lord provost. The attention of the police was attracted to the house and they entered. Inside they found a woman standing with a match in her hand in front of some piles of combustibles which had been banked against the doors. Shortly afterward Miss Morrison descended a chimney in which she had been hiding. She was covered with soot. A quantity of suffrage literature was found in the house.

Suffragette Assaults Premier Asquith.

Doncaster, Eng., July 24.—An attempt by a militant suffragette to assault Premier Asquith while he was on his way today to the town hall of Morley, Yorkshire, to receive the freedom of the city was frustrated by the police. Miss "Key-Jones," a well known suffragette of this city, sprang onto the step of the premier's automobile shouting "Stop torturing women, you scoundrel!" and tried to pull Mr. Asquith from his seat but the police caught hold of her and dragged her away.

## INDIANS IN TOWN.

About 200 Pottawatomies Come to See Circus.

There are 200 Indians in Topeka today. The reason for this number of aborigines is a circus. Every Indian on the Pottawatomie reservation that could possibly leave came here either yesterday or today to see what they consider the wonder of the world. Several of them came last night from Mayetta on the Rock Island and spent the night sleeping around the depot. Early this morning they were up to see the unloading of the four circus wagons and many of them followed the Indians who are here for the circus have given the police little trouble, according to the officers at the station. Often when they make trips to Topeka the police have to look out for drunk Indians. Today they are too busy thinking about the circus to hunt anything to drink.

Tourist.—"This is a lovely spot, isn't it?" Native.—"A spot? Stranger, there's close to twelve hundred people in this town." Luck.

## "BOSSIE" BALKED

Right in Front of Boston's City Hall Building.

Mob Gathers, Police Called, Cow Refuses to Budge.

Boston, July 24.—A cow balked in front of the city hall yesterday and the machinery of government as well as street stopped stock still while several thousand citizens offered advice as to how to make the animal move. The cow was being driven from "the Brighton stock yards to a freight yard when it stopped, in school time apparently it never had seen the city hall, for it planted itself squarely in front of the building and stared, immovable despite the protests of the perspiring driver.

Police reserves who were hurried out to break the jam of people tried to move the cow. They pulled and tugged at a halter about its horns and gave up the job.

A man who said he was "from the country" tried cajolery. He said "come, moo-lie, come." Then he too, yanked at the rope. A well dressed woman objected to this "cruelty" a young man laughed at her objection, the woman called on an officer to have him arrested and the young man asked for the woman's arrest because her hat pins were too long.

Meanwhile city hall employees abandoned business and returned the stare of the cow. Mayor Fitzgerald appeared at a window and suggested: "Make her think you want her to stay, and then she'll move." It failed.

Finally an electric ambulance was summoned and the cow, still staring vacantly was hoisted aboard bodily and forwarded to her destination by freight.

## FIRE IN PRISON

Second Incendiary Fire in Sing Sing Prison Today.

Prisoners Make Demonstration While Guard Work.

Ossining, N. Y., July 24.—Another fire at Sing Sing prison today gave the mutinous convicts a chance for more riotous demonstrations.

The blaze started in the clothing shop and the prison fire brigade extinguished it after a hard fight without outside aid.

It was the second fire in the prison buildings this week, notwithstanding the fact the guards had been doubled since \$50,000 worth of property was destroyed there two days ago.

Although it was generally believed the fire was started by convicts, the warden has been unable to place the blame.

When the fire broke out today whistles were blown and every precaution was taken to guard against the escape of convicts. While the guards and the "trusties" were fighting the flames, more than a thousand prisoners, locked in their cells, raised a chorus of yells that sounded high above the noise of the alarm. The men at work in the building were marched out in good order and the blaze was extinguished.

Warden Clancy attributed the recent disturbance among the convicts to an order for the transfer of some of them to the state prison at Auburn. Most of the prisoners at Sing Sing come from New York city and are being sent up state, where their friends will find it difficult to visit them.

It was this element that led the mutiny yesterday which at first promised to develop into an organized attempt at prison delivery.

## INDIAN TRIBE GONE.

Went Visiting in Mexico and Cannot Come Back.

Douglas, Ariz., July 24.—United States government agents who returned yesterday from the Kickapoo Indian reservation in Sonora reported that only twelve of the former residents of Oklahoma had been lost. Members of two remaining tribes reported that the missing group had gone into Oahuila to visit relatives and had been arrested there from returning by authorities of that Mexican state. The stray Indians are said to be suffering from want of food, ten having died of disease and starvation. Each, however, is due to receive \$200 as a semi-annual allowance from the United States government, derived from the lands in the former Indian territory.

## FIFTY EAGER BOYS.

Meet for Final Instruction Regarding Going into Camp.

At least sixty Topeka boys will be given a ten day outing at the old Stone Bridge farm, three miles south of Berwyn, beginning Monday. They will be taken from the Central Y. M. C. A. building in autos at 1 o'clock on that day, a number of Topeka business men having generously donated the use of their machines.

There was never a more happy and excited bunch of kiddies—50 of them—than were seated in a group this morning in the office of the Y. M. C. A. They ranged in age from 10 to 15 or 16. It was difficult for them to refrain from expressing aloud their delight while De Witt Lee, the boys' secretary, was giving them final instructions relative to what to take along to the camp in the way of bedding, camp utensils, etc. Time after time it was necessary to call for order.

In the course of the conference with the boys Mr. Lee said: "There's another thing I want you to bring. What do you think it is?" "An electric fan," shouted out one little fellow.

About the same time this question was asked by a small boy with big excited eyes: "How many fish is in the creek?"

When the kiddies were told that they would be conveyed to the camp in automobiles a shout of joy arose. Many of them have never ridden in a motor vehicle.

The boys were asked to bring their own bedding, table ware, towels, etc. They were all given particular instructions to bring a Bible, tooth brush and a cake of soap.

The thing that is now worrying the

management of the association is that they may not be able to take all the boys that are eager to experience their first taste of camp life. Several of the boys who expect to go to the camp were not able to attend the meeting this morning and it is expected that a dozen or more youngsters will apply to go along between now and next Monday. The good people of Topeka will send in their checks for four dollars it will be possible to accommodate all. Four dollars will pay for a boy.

## ASSAILS WILSON

Senator Says Precedent Created May Disrupt Government.

Says President's Motives Pure, but Example Very Bad.

Washington, July 24.—Senator Works attacking the tariff bill today charged that President Wilson exceeded constitutional authority in aiding in framing the bill and "using his powerful influence by having it passed in the form approved by him and known to have his approval."

The senator also assails the Democrat caucus which he declared forced a senator to "forego his own conscientious convictions and judgment and vote with his party or come into disfavor and be branded as an apostate and betrayer of his party."

"The president," said Senator Works, "commits himself beyond recall to a bill not yet introduced and without having heard the present views of their views by the legislative representatives of the states where vital interests and important industries are to be effected by it."

"Thus we have a bill agreed upon and marked for final passage, upon consideration of only a few men of the party 'conferred by the president, acting with representatives of this one party. This comes in part from the 'vicious doctrine that the president is leader of his party instead of, or as well as, the president of the whole people. The two are utterly inconsistent when it comes to the making of laws."

Senator Works did not doubt that the president acted from the purest motives but feared that "this great power to mould legislation might fall into unworthy or treasonable hands and that revolution may follow and this beneficent government of ours be disrupted."

"The time may come," he said, "when this great power in the executive government to rule and control congress, a power not given by law and wholly illegitimate, but established by the silent and unauthorized acquiescence of the people and their lawful representatives, may bring the institutions of this republic into deadly peril and possible overthrow."

"It makes the situation only more alarming that one of such high ideals and patriotic purposes should do anything that can reasonably be construed to be usurpation of power or an infringement of the constitution that may sometime be appealed to as a precedent by one less conscientious and patriotic."

## UNCLAIMED BEER.

Deputy Sheriffs Find a Barrel Full in a Grove.

Other things grow on the banks of a Kansas stream beside cool beer and poison ivy—namely, beer bottles. Deputy Sheriff Hugh Larimer found 42 of them on the banks of Shunganunga. He, Deputies Ed Carver, J. J. Holman and Ed Ransom jumped into an automobile and changed the location of Seward avenue and Forest street in search of a joint. They descended, waded through the weeds near the creek, discovered bottles—and bottles—and bottles.

In a grove which promised possibilities they found a barrel of beer, covered by boughs and hidden by vines. A woman was pulling weeds nearby. A man was hoeing corn in another field. "This your beer?" called the under sheriff.

"Nope," said the woman.

"Nope," said the man.

Nobody claimed the beer. Larimer pulled from his pocket the warrant for the arrest of one Mrs. Laura Ready, charged with maintaining a nuisance. "That's my name," admitted the woman when the warrant was spread out before her. She was charged with "keeping a place where beer is sold and consumed."

"We found 42 bottles on the shores of that creek," said Deputy Carver, meditatively, this morning. "Some guys might call that a good place to fish."

## JUST LIKE A WOMAN.

Sheds Tears Over Drunken Masher After Causing Arrest.

Kansas City, July 24.—Miss Mary Brown, 20 and pretty, stood on a down town corner last night with a girl friend waiting for a street car. Sanford Vanlee made remarks that Miss Brown regarded as improper. She broke her umbrella over his head. In the North side court today Vanlee said he had been drinking and did not remember the occurrence. Miss Brown then asked for mercy because she said Vanlee was not responsible for his actions. When the court set the fine at \$100 Miss Brown burst into tears.

## REGULATE MATRIMONY

Washington, July 24.—A constitutional amendment to empower congress to regulate marriage and divorce was proposed in the joint resolution today by Representative Edmonds of Pennsylvania. The resolution would amend the constitution to provide:

"Congress shall have the power to enact uniform laws on the subject of marriage and divorce for the United States and to provide penalties for violation thereof."

## Wilson's Prospective Son-in-Law.

New York, July 24.—Francis B. Sayre, fiancé of Miss Jessie Wilson, the president's daughter, said today that he had been asked the position of secretary to President Garfield of Williams, but had not decided whether to accept or decline. The offer, he said, was a renewal of one made more than a year ago.

surprise effect above the belt while the lower portion shows the cut-away influence. Buttons of black velvet with attendant button holes are placed just outside the shaped collar of white. The skirt is plain save for three deep tucks half way between knee and hem.

The engagement of Miss Mary Sawyer, the daughter of Mr. and Mrs. Thomas O. Sawyer of Auburn, and Mr. Cyrus Monroe is announced today.

The news is of unusual interest to many Topeka people, and particularly to the college set on account of the popularity of Miss Sawyer and Mr. Monroe in Washburn.

Miss Sawyer graduated from Washburn in 1912, and later took a course in the State Agricultural college, Manhattan. She is a member of the Sigma Delta Psi sorority and one of the prettiest and most charming of the out-town girls who come to Topeka to visit. Since her graduation she has been the guest of friends in the city for several weeks and has added to her list of acquaintances.

Mr. Monroe also finished college in 1912, and graduated from the law school last spring. He is a member of the Phi Delta Theta fraternity of Washburn, Kansas Beta chapter, and he belongs also to the Alpha Kappa Phi law fraternity. In his college career he was actively engaged in various, student enterprises and was one of the popular men of the school. He is the only son of Mr. and Mrs. Lee Monroe, 308 Harrison street. His parents are both lawyers, and he is following the tradition of the family by engaging in the same profession.

His father, Mr. Monroe, Roark, McClure & Monroe. His mother has long been active in club work of the state, and is a member of the Junior Fraternity of Washburn, Kansas Beta chapter, and he belongs also to the Alpha Kappa Phi law fraternity. In his college career he was actively engaged in various, student enterprises and was one of the popular men of the school.

The approaching marriage of Miss Sawyer and Mr. Monroe is the culmination of one of the many college romances that have been "exposed" and "taken" in the "shadow of the pine" on beautiful Washburn campus. The exact date of the wedding has not been determined, but it will probably be some time in October. The young couple will make their home in Topeka, and will occupy apartments at 512 Harrison street.

Substitutes and guests at a bridge club meeting Wednesday at the home of Miss Edna Thompson and Miss Edith Thompson were: Mrs. Robert Thomas of Ray, Ariz., Miss Blanche Jennings of Los Angeles, Miss Mary Sawyer of McPherson, Mrs. George Mitchell and Miss Virginia Meade. Mrs. Thomas is in Topeka to visit her parents, Mr. and Mrs. J. F. Mitchell. Miss Jennings is visiting Miss Meade, and Miss Sawyer is a guest at the Lee Monroe home.

Mrs. Irene Tallie, who is the police matron of Hutchinson, Kan., was in Topeka Wednesday and Mrs. Lee Monroe entertained her at luncheon at the Mills tea room. Covers were laid for Mrs. Tallie, J. D. McFarland, Mrs. E. E. Roubush, Mrs. Monroe and Miss Lenora Monroe.

"What some people brand as obscene others call all right." That was the reply of the chief of police of Milwaukee to a reporter who told him of a woman who, wearing a clinging skirt with a slit up to her knee, walked down Grand avenue.

"Are you going to issue orders to policemen to arrest women seen on the streets in that sort of a costume?" the chief was asked.

"Did this woman wear anything under the slit?" the chief asked. "Oh, yes, a stocking—black, I think."

"Well, I was at the circus the other
